## EDWARD M. MULDOON CENTER FOR ENTREPRENEURSHIP

The Edward M. Muldoon Center for Entrepreneurship at John Carroll University is the leading organization inviting young people to rediscover what excites them and to develop the mindset employers want in graduates.

We guide curious students as they identify and solve big problems and launch big solutions using their innate creativity and passion. Through a variety of curricular and experiential programs and advisory groups, our team equips JCU students, faculty, staff, and alumni, and a variety of Cleveland stakeholders, to confidently explore their possibilities.

## RESILIENCE

We expect challenges, we attack them, and when they knock us down, we get back up and learn and grow from the experience. In living our resilience, we will be fearless and adaptable.

## INNOVATION

We identify, pursue, and realize opportunities. In living our innovation, we will be creative, curious, and forward-thinking.

## PASSION

We share our gifts because we love what we do and why we do it. In living our passion, we will be generous, be bold, have fun, and discover what excites us.

## COMMUNITY

We advance the human experience by collaborating around our shared purpose. In living our community, we will act with purpose, collaborate, learn by doing, and build relationships.

## INTEGRITY

We think and act as individuals who own our purpose and our role in creating and delivering on that purpose. In living our integrity, we will be transparent, aware, and authentic.
